

## Setting Up Terms & Conditions

### Overview

- Terms & Conditions (T&Cs) can be setup by Clubs and **must** be accepted through the registration process either when self-registering or through registration by registrar.
- FFA have standard T&Cs that cover player registration already in the system. Clubs may wish to have their own T&Cs that cover areas such as grading policy, acceptance of social club membership etc.
- Once T&Cs are accepted the first time by any player they are locked and cannot be changed except for the Valid To date.
- T&Cs are made available to Players based on their age – either Youth (up to 18 years of age) or Senior (over 18 years of age).

### Tips and Considerations

- If you do decide to include your own T&C's, this will be an additional step to the workflow for Player's and Club Registrar's.
- We advise you to develop your T&C's in word then cut and paste into the T&C's which will be highlighted in the steps below.
- If this is your first year of using MyFootballClub we would advise you to concentrate on the mandatory steps in the Season Setup rather, and ensure you are comfortable with this functionality first.
- Once you have created your T&C's in the system, and this has been registered against you will not be able to edit the content of the T&C's at a later date, but you will be able to change the Valid to and Valid from dates at any time.
- Please note you will have to create T&C's for Youth and a separate T&C's for Adults. This could be the same set of T&C's.
